Hall of Giving: Laying the Foundation for the Next 126 Years 1894 - 2020

Standing the Test of Time

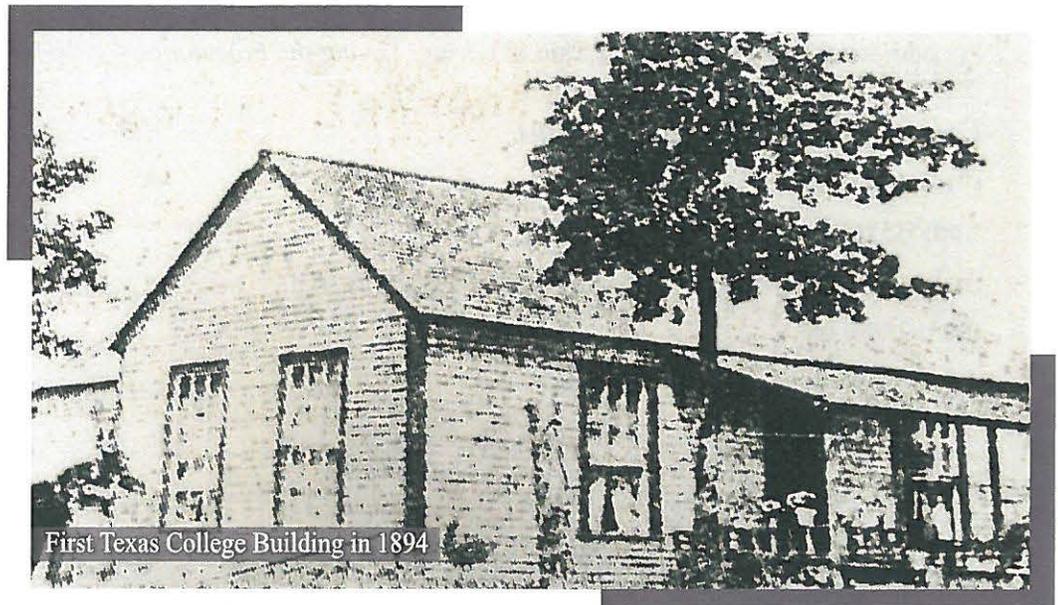

For over 126 years, Texas College has brought life into the community of Tyler and beyond through the deliverance of a comprehensive education for those who desire to learn. Providing vision for students who yearn for more, the College has yielded a wealth of not only alumni, but entrepreneurs, educators, physicians, lawmakers, public servants and most importantly — leaders within their industry and difference makers within their community. Originally established to serve a disenfranchised population — the direct descendants of slaves — Texas College bolsters one of the most diverse populations of any HBCU, staying true to their Christian founding of providing an education for *all* who want to learn.

Equipped with forward-thinking leadership, Texas College is uniquely positioned to carry out its mission of ensuring that students experience a balanced intellectual, psychological, social and spiritual development, aimed at enabling them to become active productive members of society where they live and work. The College is able to successfully fulfil this mission by incorporating their six core values: Academic Excellence, Integrity, Perseverance, Social Responsibility, Tolerance and Community Service.

Now, as Texas College continues to advance to the forefront of higher education with record enrollments, academic and community partnerships and innovative education approaches, the College needs to your help to ensure the next 126 years of excellence.

The Texas College National Alumni Association requests your support of the *Hall of Giving: Laying the Foundation for the Next 126 Years* to safeguard our historical institution. With a lofty goal of \$100,000 by 2020's Homecoming, the campaign began on October 31, 2019. We need *your* participation to make this goal a gift of reality. The first installation of this year's gift will be made at the 2020 Founders' Convocation.
