

Texas College has brought life into the community of Tyler and beyond as a beacon of light for those seeking a brighter future through higher education. Founded as a Historically Black College by ministers of the Christian Methodist Episcopal Church, Texas College has prepared students for success for over 126 years in an environment that inspires intellectual, spiritual, ethical, moral, and social development, which empowers graduates to engage in life-long learning, leadership, and service. Originally established to serve a disenfranchised population, Texas College now bolsters a diverse student body, maintaining their Christian founding of providing an education for *all*.
