Revised 1/26/2011

2019-2020 Organizational Structure

Pertinent Policy Information for All Texas College Students

The following policies are for your information and review

OPEN ADMISSION POLICY

Students entering the four-year baccalaureate degree program are expected to have a minimum cumulative grade point average of 2.00 or its equivalent. Students with less than a 2.00 cumulative grade point average at the time of admission will be directed to the association of arts program and must meet with the admission committee or be advised by that committee through correspondence.

CLASS ATTENDANCE POLICY

The student is responsible for attending all lectures, seminars, laboratories, and field work for each registered class (beginning with the first day of class scheduled) in order to verify registration with instructors, and to complete all work assigned for the course. If a student does not attend class during the first week (first five instructional days) of the semester, or does not attend five consecutive class sessions and does not give prior notification to the instructor of reasons for absence and intent to attend the class, the student may be recommended to the Vice President of Academic Affairs to be administratively withdrawn from the course.

The student will be held accountable for adhering to the College Attendance Policy and are expected to attend class as scheduled. Instructors are not obligated to allow students to submit late assignments because of their absence unless the absence(s) have been officially excused. An officially excused absence, however, gives the individual who missed the class an opportunity to do the work assignment late but in no way excuses him/her from the work required. Official excuses are granted by the Vice President for Academic Affairs for authorized College activities, verified personal illness, or illness or death in the student's immediate family.

Students should understand that absences may jeopardize their grades. **A student will be permitted one unexcused absence per credit hour of the course in which he/she is enrolled. Any student whose unexcused absences exceed the number permitted may, at the discretion of the instructor, be assigned a grade of "F" or be dismissed from the class.**

Absences may count from the first official date of classes and not from the first day the student attends. It is the responsibility of the instructor to keep an accurate attendance record of all students enrolled. Students receiving veterans' benefits are required to attend classes according to the regulations of the Veterans Administration in addition to those regulations set by the College for all students.

Students absent from class for any of the reasons listed below may, at the discretion of the instructor, receive an **excused absence** by presenting the proper documentation as indicated in the Table below:

EXCUSED ABSENCES AND ACCEPTABLE DOCUMENTATION (Examples)

| Reason | Documentation |
|---|--|
| Personal illness or illness of immediate family member | Physician's statement |
| Death in immediate family | Funeral program |
| Patriotic duty (military or jury duty; court appearance, etc.) | Copy of notice or summons |
| Performance of co- or extra-curricular obligations to the College (travel with athletic teams, class field trips, conferences, seminars, fine arts performance, etc.) | Written statement from sponsor or notice from either the Office of Academic Affairs or Student Affairs |

GRADE APPEALS PROCESS

If a student wishes to appeal a grade after the initial grade has been reported, the following steps should be followed:

- The initial appeal for posted grades begins with a discussion between the instructor and the student;
- If a grade change is granted, the instructor must complete a Change of Grade Form and submit it to the Registrar's Office after it has been approved by the Vice President of Academic Affairs;
- However, if there is no resolve for the grade in question, a written statement should be submitted to the division chair for consideration; and
- The Vice President of Academic Affairs has the final decision in grade resolutions that cannot be settled in the aforementioned steps.

STUDENT REFUND POLICY

A refund is defined as financial aid and/or cash payments minus the amount retained by the institution for the student's actual period of enrollment. Any student who withdraws from the institution may be eligible for a refund of institutional charges, according to the published refund policy. However, a student who received financial aid and withdraws from the institution may be required to refund all or a portion of the financial aid awards to the appropriate financial aid programs.

The effective date of withdrawal will be the date when the withdrawal is officially completed and recorded by the Office of the Registrar. In order to receive a full refund, the official withdrawal must be completed and recorded in the Office of the Registrar on or before the 12th class day for the fall or spring terms. For the summer term the withdrawal must be completed by the 2nd day of the summer term.

If the school determines that a student did not begin the withdrawal process or otherwise notify the school of the intent to withdraw, the school may determine the appropriate withdrawal date. The school may use as the student's withdrawal date the student's last date of attendance at an academically-related activity. The school must document that the activity is academically-related and document the student's attendance at the activity. Examples of academically-related activities include, but are not limited to: an examination; a tutorial; computer-assisted instruction; academic counseling; and turning in a class assignment.

STUDENT COMPLAINT POLICY

Texas College has adequate procedures for addressing written complaints by students and can demonstrate that the procedures for resolving complaints are followed. The College has engaged a codified and systematic process to make certain that all students who have a grievance can have the opportunity for review and resolve. A student grievance is any complaint made in writing by a student to an appropriate administrative officer of the College alleging unfair, unreasonable, arbitrary, capricious, and/or discriminatory applications of College policies. A grievance may result from academic experiences, non-academic matters involving administrators, staff, or student organizations or matters related to alleged discrimination on the basis of race, color, national origin, age, gender, disability, creed, or marital status.

Students may file a grievance or register a formal complaint by presenting the complaint in writing to the appropriate administrative officer of the College.

GRADING POLICIES

GRADING POLICY: The final semester grades are determined by the instructor based on the grades earned by the student for all course work. Grades are reported officially by the instructors to the Office of Registrar at mid-semester and at the end of the course according to the following grading system:

A - (90-100) - indicates outstanding performance combined with intellectual alertness and initiative;

B - (80-89) - indicates above average work that is performed in a sustained and creative manner according to all requirements of the course;

C - (70-79) - represents the minimum accepted performance for course work in the major or minor area;

D - (60-69) - represents work in the lowest passing quality through which a student can fulfill the minimum requirements of a course. It is considered to be borderline.

F - (Below 60) - indicates that the student has failed. If the course is required, the student must repeat the course for a passing grade. If a student earns an "F" in a course that extends over two semesters, he or she may not continue in the same or higher subject area until the first course is taken again and passed;

I - (Incomplete) - is assigned when circumstances beyond the control of the student make it impossible for the student to complete all work of the course. It is the student's responsibility to conference with the instructor to ensure that the grade of "I" is changed when the work is completed. The student has one (1) semester following the incomplete being issued to complete course work;

NC - (No Credit) - is assigned as the grade for the student who has not fulfilled requirements of a developmental education (or remedial) course which he/she has attended regularly; and

W - (Withdrawal) - indicates that the student has officially withdrawn from the course. If the course is required, the student must complete the course at a later date in order to receive credit. The "W" indication is administratively assigned by the Registrar.

FX - indicates that a student has not officially withdrawn from the college, nor completed satisfactory coursework for a letter grade. The FX indication is administratively assigned by the Registrar.

GRADE APPEAL PROCESS: If a student wishes to appeal a grade after the initial grade has been reported, the following steps should be followed:

The initial appeal for posted grades begins with a discussion between the instructor and the student. If a grade change is granted, the instructor must complete a Change of Grade Form and submit the form to the Division Chair then to the Vice President of Academic Affairs and ultimately the Change of Grade form will rest in the Office of the Registrar after all necessary approvals.

When the designation of "I" has defaulted to a grade of "F" the grade cannot be changed. If there is no satisfactory resolve at the faculty level, the student may go to the Division Chair for further consideration; and if the Division Chair does not offer resolve to the grade appeal, the student has the right to take the complaint to the Vice President of Academic Affairs.

STATUTE OF LIMITATION: Texas College has a statute of limitation that grants a student six (6) years to complete an academic degree plan.

SATISFACTORY ACADEMIC PROGRESS REVIEW: Review of academic progress is conducted by the Office of Academic Affairs. Students in jeopardy receive notice of their standing if they are not progressing academically. To remain in good standing and receive financial aid, the student must complete at least 67% of the expected course work by the end of each academic year and must achieve a minimum cumulative grade point average of 2.00 each semester.

HISTORY OF THE COLLEGE

In the spring of 1894, Texas College was found by a group of ministers affiliated with the Christian Methodist Episcopal Church. The founding represented the start of the educational process for a group of disenfranchised individuals in the area of east Texas, City of Tyler.

The Charter as originally issued July 1, 1907, indicates that the name of the corporation was established as "Texas College." The exclusive educational direction was to include the education of youths, male and female, in all branches of a literary, scientific and classical education wherein [all] shall be taught theology, normal training of teachers, music, commercial and industrial training, and agricultural and mechanical sciences.

On June 12, 1909, the name of the college was changed from Texas College to Phillips University. The noted change was associated with Bishop Henry Phillips, as a result of his leadership and educational interests for mankind. The name change was short lived and reportedly lasted until actions for a name reversal occurred in 1910 at the Third Annual Conference of the church. On May 1912 the College was officially renamed Texas College.

The subsequent years of the College were spent with refinements and enhancements of the educational enterprise. The Articles of Incorporation reflect such efforts with modifications and amendments during periods 1909 to 1966.

The College today complies with its founding principles with the right to offer instruction in the areas of Arts and Sciences, Humanities, Computational Sciences, Natural Sciences, Social Sciences and education with preparation of teachers and the provision of instructional supports, to those in pursuit of an education.

"GOOD OLE DAYS"

MISSION STATEMENT

Texas College is a Historically Black College founded in 1894, by a group of CME ministers. Our mission continues to embody the principles of the Christian Methodist Episcopal Church. The College shall prepare students with competencies in critical and creative thinking related to the knowledge, skills, and abilities as defined in areas of study. Additionally, the College shall provide an environment to inspire intellectual, spiritual, ethical, moral, and social development, which empowers graduates to engage in life-long learning, leadership, and service.

CORE VALUES

To address the Mission, the College incorporates the core values of

Academic Excellence - developing a culture of curiosity and creativity that will challenge the frontiers of teaching/learning; stimulate research; raise the level of analytical reasoning and inquiry; and enable students to acquire leadership, human relations, communication, and technology skills.

Integrity - instilling the pursuit of character, honesty, and sincerity of purpose as the moral rubrics upon which the behaviors of our graduates and College family are anchored.

Perseverance - implanting diligence, enterprise, and pride in the application of skills, knowledge, and abilities developed during the course of study at Texas College.

Social Responsibility - promoting in the College community a conscious awareness that we are all stewards of the resources entrusted to our care.

Tolerance - emphasizing openness to divergent points of view, applying an eclectic approach to rational and analytical thinking.

Community Service - encouraging self-extension in service to others as the heart and soul of our educational enterprise.

INSTITUTIONAL OUTCOMES

It is significantly important that the direction, scope and focus of the institution be shared and understood with stakeholders of the College i.e., students, community of friends, faculty and staff, alumni and Board of Trustees. For this purpose, Texas College has established four areas as the essential direction of institutional outcomes. They include:

- Having students gain a command of the use of communicative skills, both written and verbal;
- Teaching students to become critical thinkers in the use of content knowledge and beyond;
- Having students involved in service project and social responsibilities that assist in skill development; and

- Providing students with the knowledge and experiential learning that will assist them in becoming productive citizens, i.e., individuals who can assist with the development of others where they live and work.

Type: Institutional Scholarship and Grant Aid

Texas College seeks, acknowledges, and awards those students who demonstrate academic, musical, athletic, or leadership promise. Students applying for and/or receiving institutional awards must complete the application process for financial aid (file a Free Application for Federal Student Aid [FASFA]) and submit all required documentation to the Office of Financial Aid.

The provisions of the institutional grant-in-aid are limited to the direct costs of attending the College; that is, tuition and room and board. If other financial assistance (when combined with the institutional grant-in-aid award) exceeds the direct costs, the institutional grant will be reduced accordingly. Students may receive up to two institutional grant-in-aid awards unless authorized by the Scholarship Committee. Grant-in-aid awards are not redeemable as cash, but are offered for the exclusive purpose of meeting students direct educational costs

Criteria for institutional scholarships and grants-in-aid

To be eligible for institutional grant-in-aid, the student must:

- Must complete a Free Application for Federal Student Aid (FASFA);

- Be a fully admitted, full-time student enrolled in at least 12 semester hours each fall and spring semester;
- Maintain enrollment in at least twelve (12) semester hours during the entire semester to keep the scholarship for the current semester;
- Maintain Satisfactory Academic Progress; and
- Cannot have had any disciplinary action taken or pending for conduct or judicial issues.

Satisfactory Academic Progress Policy

Satisfactory Academic Progress (SAP) is the term used to denote a student's successful completion of coursework toward a degree. Students who fall behind in their coursework or fail to achieve minimum standards for a grade point average and completion of classes may lose their eligibility for all types of federal and state aid (includes grants, work-study, Direct and Plus loans).

Satisfactory Academic Progress Components

Annual Evaluation: Satisfactory Academic Progress evaluations will be completed at the end of each academic year and cannot take place until final grades are posted. This review will determine eligibility for the upcoming summer, fall and/or spring semester. Every student who applies for financial aid must be meeting Satisfactory Academic Progress, regardless of whether they are a first-time applicant or have received financial aid in the past. Any financial aid assistance offered for the year ahead is subject to cancellation if the minimum standards of satisfactory academic progress were not met the prior year.

Incoming freshman and new transfer students will be considered for financial aid for one academic year prior to the evaluation of Satisfactory Academic Progress. At the end of the first academic year of attendance at Texas College, all students will be evaluated based on the standards of their academic level. Students who transfer to Texas College will not be evaluated until they have completed two semesters.

How SAP is Reviewed

(There are three measures Qualitative, Quantitative, and Maximum Time Frame)

In calculating/reviewing SAP, credit hours and grades attempted towards your chosen major/program will be considered. Grades included, but are not limited to: courses passed, courses failed, courses in which the student withdraws, repeated courses, transfer/accepted courses, remedial coursework and courses for which the student did not receive financial aid.

Qualitative Measure (GPA)

| Qualitative Measure Cumulative Grade Point Average Table | | | | |
|---|------------|-------------|-------------|--------------------|
| Cumulative Hours Attempted | 1-15 Hours | 16-30 Hours | 31-45 Hours | 46 Hours and Above |
| Minimum Cumulative Grade Point Average | 1.5 | 1.7 | 1.9 | 2.0 |

Quantitative Measure/Pace of Progression

In calculating the quantitative measure, we measure the Pace of Progression in which the student is progressing. The calculation is completed by dividing the total major/program credit hours earned by the cumulative major/program hours attempted. (Example: total attempted credit hours for major/program= 43 and total credit earned hours = 24. As a result the calculation would be $24/43 = 55\%$. The student only has 55% completion rate which does not meet SAP). SAP will be met if the student is achieving the appropriate cumulative GPA (see cumulative grade point average table) and the Pace of Progression is equal to 67% or higher and the student has not reached 150% maximum time frame allowed from their degree program. (See maximum hour table below).

As an example, the following table shows the minimum number of credits a student must complete with an A, B, C, or D on a cumulative basis to be eligible for federal/state financial aid.

| Maximum Hours Table | | | |
|---------------------|-----------------|-----------------|-----------------|
| Attempted Hours | Completed Hours | Attempted Hours | Completed Hours |
| 1 | 1 | 11 | 8 |
| 2 | 2 | 12 | 8 |
| 3 | 2 | 13 | 9 |
| 4 | 3 | 14 | 10 |
| 5 | 4 | 16 | 11 |
| 6 | 4 | 17 | 12 |
| 7 | 5 | 18 | 12 |
| 8 | 6 | 19 | 13 |
| 9 | 6 | 20 | 14 |

Maximum Hours Allowed: The total attempted credit hours must not exceed 150% of the U.S. Department of Education approved length of the student's major/program. Students may receive federal student aid if they have attempted below 150% of the maximum federal student aid credit hours approved in their major/program. In order to determine the total numbers of credit hours approved for the program, multiply the total numbers of program credit by 1.50. (Example: If the degree program requires/approved 120 credit hours for the length of the program, multiply 120 credit hours $\times 1.50 = 180$. The maximum allowable attempted credit for the program in this example = 180 hours.) Credit hours attempted includes ALL credit hours pursued, earned, dropped, and failed. All pursued, earned, dropped and failed credit hours are counted as attempted credit hours even if the student did not receive financial aid.

Financial Aid Probation: (per regulations must be reviewed at the end of each semester): A student will be placed on financial aid probation if there Satisfactory Academic Progress appeal is approved. During the probationary period a student remains eligible to receive financial aid funding. During the probationary term, a student must maintain the required cumulative GPA and completion rate. Failure to attain the required GPA and/or the rate of completion will result in the suspension of financial aid eligibility. If you do not attain the required GPA and/or completion rate but successfully follow the academic plan, you may submit a subsequent appeal showing you have met the terms of your academic plan.

Submitting an Appeal to the Financial Aid Office: Students who do not meet Satisfactory Academic Progress (SAP) standards may have the right to submit an appeal. The financial aid committee will respond in writing with the results of the appeal and explain the requirements a student must meet to re-establish eligibility for state/federal financial aid by the established deadline. Submitting an appeal does not guarantee the student will regain financial aid eligibility.

Applying for Reinstatement: If a student fails to meet the SAP requirements and does not have mitigating circumstances to appeal. The student may apply for reinstatement after completing the following requirements:

- Enrolling in at least 6 credit hours of courses required for their degree program.
- Pay his/her tuition and fees without the use of state/federal financial aid.
- Complete all attempted courses with at least a "C" or better.
(Grades of W, I, D, or F, do not qualify for re-instatement)

Once the student has met all three requirements, the student may submit an appeal form based on the semester's final grade report. All requests for reinstatement will be reviewed and a decision will be made by the Financial Aid Appeals Committee.

Appeal without an Academic Plan: The Financial Aid Appeals Committee will determine if a student is able to meet the Satisfactory Academic Progress requirements by the end of each semester. If it is determined the student is able to meet Texas College's SAP requirements, the student may submit a Financial Aid Appeal. If the Financial Aid Appeal is approved, the student will be placed on probation. A probationary status means the student is eligible for financial aid

for one academic year. In order to meet the Satisfactory Academic Progress requirements, the student must earn the appropriate cumulative GPA (see Cumulative Grade Point Average Table), and maintain a 67% completion rate for all attempted courses not to exceed 150% (Pace of Progression) of the degree program.

Appeal with an Academic Plan: *(must adhere to plans requirements and is reviewed at the end of each semester):* Students' who submit a Financial Aid Appeal and are deemed by the student's academic department that SAP requirements will not be met by the end of the semester; the student must submit a Financial Aid Appeal with their Academic Plan. The student must adhere to the Academic Plan to ensure they will meet Texas College's SAP requirements by the end of each semester without exceeding 150% of the degree program. The student must submit a signed copy of the Academic Plan along with the Financial Aid Appeal. If the appeal is approved, the student will be placed on Probation with an Academic Plan. A probationary status means the student is eligible for financial aid as long as the student adheres to the Academic Plan. Students , who are following an Academic Plan, will need to meet with their faculty advisor each semester prior to registering for classes.

Please note: *If the Financial Aid Appeal is approved, the Academic Plan requires 75% successful completion. The student cannot have any drops, withdrawals, and the student must maintain the required GPA (see Cumulative Grade Point Average Table).*

How to Submit a Financial Aid Appeal: Appeals will be reviewed by the Financial Aid Appeals Committee. The Committee will issue a decision in writing to the student. If the appeal is approved, the student will be placed on Financial Aid Probation for one term and will be expected to successfully complete the appropriate number of credits for their level of enrollment and earn the appropriate GPA. At the end of the term, the student's number of hours completed and cumulative GPA will be sent the Financial Aid Office by the Registrar's Office as proof of SAP. If the student does not meet SAP standards by the end of the one semester, aid will be denied for future terms until SAP standards are met.

If an appeal is denied, the student will be responsible for their own educational costs. After completing a term, the student may submit another appeal and provide a transcript as supporting documentation. Then if SAP standards are met, aid will be reinstated for future semesters. The completion of additional self-paid semesters or filing an appeal does not guarantee regaining aid eligibility. A student **MUST** show academic progress.

Students failing to meet the minimum SAP requirements with extenuating circumstances may submit a Financial Aid Appeal with supporting documentation to the Financial Aid Appeals Committee.

Examples of extenuating circumstances are but not limited to:

- Prolonged illness, medical conditions, or injury to student or immediate family member
- Death of an immediate family member
- Extenuating circumstances beyond the student's control

Examples of Supporting Documentation are but not limited to:

- Physician's letters and hospitals records (must include dates of illness and recovery time)
- Death certificate or obituary
- Court documents or police reports
- Letters from a third party such as attorneys, professional counselors etc., on his/her letterhead

The student must provide the following in order to submit a Financial Aid Appeal:

- Complete the Financial Aid Appeal form.
- Submit a letter that includes the following:
 1. Why the student failed to meet the SAP requirements (For example: personal illness)
 2. What has changed in the student's situation that will allow the student to demonstrate progress by the next SAP evaluation (For example; recovered from illness)
 3. What are the mitigating circumstances in which you are appealing based upon, along with supporting documentation

If the Financial Aid Appeal is approved, and SAP requirements are attainable by the end of the semester. The student will be placed on "Probation" and will be eligible for financial aid the corresponding semester. SAP will be reviewed at the end of the semester of eligibility. If the student is not meeting SAP requirements, the student is no longer eligible for state/federal aid. The student must attend Texas College for one semester at his/her own expense and meet all SAP requirements.

Transitional/Remedial Courses: A maximum of 30 credit hours of remedial credit hours will be used to determine the enrollment status for financial aid. After a student has attempted 30 credit hours of remedial credit hours, the student cannot receive financial aid for remedial credit hours. The remedial credit hours will not count in the enrollment status or cost of attendance for financial aid purposes.

Withdrawals: For a student who stops attending class officially or unofficially, the last date of a student's attendance in each class will be used to calculate how much of his/her financial aid was earned for the semester. Student who withdraw from all classes will receive a grade of "W."

Withdrawing from all coursework at Texas College: Students who withdraw from all classes will receive a grade of "W."

Unofficial Withdrawal: Students who receive financial aid and stop attending classes, never start attending classes, or fail to withdraw from classes due to never attending classes will receive a grade of *FX* for all classes for the semester. If the last date of attendance cannot be determined, the College will use the 60 percent point of the semester as a determination of the last date of attendance; this will count towards the student's 150 percent maximum timeframe (pace of progression) of the degree program period.

Completion Rate. Each student is required to successfully complete 67% of all credit hours attempted, including transfer hours accepted towards the student's major. Attempted hours are credit hours that the student is enrolled in after the drop/add period and includes grades of A, B, C, D, F, I and W.

Repeated Courses. All repeated courses will be counted as attempted hours in calculating the maximum allowed timeframe. Financial aid may be lost if the student fails a repeated course. A student may repeat a course to improve a prior grade as long as satisfactory progress is being maintained. Eligibility only applies to repeating a course one time.

Remedial/Developmental Courses. A student who is required to enroll in remedial/developmental course work may attempt up to 30 credit hours in remedial/developmental course work (per federal guidelines). Remedial course work will not be counted in the maximum timeframe for the student's program of study.

Part-time Students. Cumulative GPA requirements are the same as for full-time students. The number of semesters required to complete the program will depend on hours registered. Students must successfully complete the majority of credit hours attempted each semester. However, no student will receive financial aid once 150% of the required credit hours to complete the program have been attempted.

Financial Aid Suspension. A student who fails to meet the standards at the end of the academic year will be ineligible for financial aid beginning the next semester of attendance.

A student is automatically ineligible for financial aid when they receive grades of "F" in all courses attempted. In evaluating satisfactory progress, a grade of "I" will be considered a "F." Students who pre-register before grades are evaluated and who use financial aid to defer tuition and fees; may owe a financial aid repayment if they do not maintain satisfactory academic progress and become ineligible for financial aid once grades are posted and reviewed.

Financial Aid Suspension does not prevent a student from enrollment but it does prevent receiving aid. However, the student should be aware that the college's policies for academic eligibility and financial aid eligibility closely mirror one another. Both are measures of satisfactory academic progress intended to encourage behavior which leads to academic success.

Failure to do so will result in restrictions from completing the registration process. Official transcripts will not be provided to students who have outstanding financial obligations; in addition, any students who have not returned equipment/college property may also be prevented from completing the registration process. Students are encouraged to use the library facility as a supplement to coursework and academic endeavors of the classroom. The library has spacious reading areas; a periodicals area, an African-American studies collection; a Texas College Historical Collection; a Teacher Resource Room; and a Student Learning Center.

The Library provides services and learning/information resources that are appropriate to support teaching, research and service. These services include a variety of electronic media and two computer laboratories that are equipped with state-of-the-art equipment available to enhance students' research abilities. Students and faculty have access to thousands of resources through search tools, including JSTOR and the Library of Texas online. Through TexShare, a consortium shared database, students can read e-books (electronic copies of books) 24 hours a day. TexShare also provides Interlibrary Loans. Through this service patrons have access to items located at other college libraries.

Library services include instruction in the form of orientation, information literacy and bibliographic instruction, giving students a broad range of materials and services; thus increasing their potential for becoming lifelong independent learners. In an information era, the library has embraced technology and is dedicated to the mission of Texas College; therefore, it is the belief of the library staff that the learning resources and services made available to the Texas College community are relevant and necessary to the production of a strong, viable instructional program.

Automobiles on Campus: The operation of automobiles on campus is a convenience and privilege provided to our general public. Registered and certified mail as well as parcel packages are also received in and mailed from the College Mail Room. Postage may be purchased from the Office of Business and Finance.

Upon moving from the residence hall, it is the student's responsibility to notify both the U.S. Postal Service and the college mailroom. The college will forward mail for which a forwarding address has been furnished for approximately one month. If a student fails to furnish a forwarded address, any mail received will be returned to sender.

When a student is receiving money through the mail, it is advisable to send by check or money order (NO CASH). It is highly recommended that all money be sent via certified mail.

Change of Name, Address and/or Telephone Number: If a change occurs in a student's name, telephone number, permanent mailing address, or local address while attending the College, prompt notification must be given to the Office of the Registrar. The student is responsible for all communications mailed to the permanent home mailing address given to the College.

Religious Programs: Students are encouraged to participate in religious life by choosing a church or place of worship of their choice. In addition, opportunities for religious expression are provided on campus through college assembly, lyceum programs, Bible study, worship services, and campus ministry activities. STUDENT SUPPORT SERVICES

The Student Learning Center (SLC): provides student support services for the student body. The following services are offered and students are strongly encouraged to take advantage of these services:

- The **SLC Tutorial Team** provides an invaluable service to all Texas College students. Tutoring services, in virtually every subject offered at the college, are provided to assist students with sharpening their academic skills. Tutoring is done by students and faculty.
- The **Early-Alert System** monitors students' progress by flagging poor attendance and low grades. This approach to sustainability confronts potential dropouts with an encounter of hope and attempts to redirect them to the path of academic success.
- The **First- and Second-Year Seminar (F/SYS)** courses prepare entering students not only to cope with the rigors of their college experience, but also to thrive and be successful in their college career. The F/SYS accomplishes this by engaging in

student assessment, teaching success strategies, and exposing them to College policies, procedures, and services.

- **Academic Advising** of first-year students comprises another crucial component of the SLC. Each first-year student is assigned a specially trained first-year advisor. Research shows that good advising may be the single most underestimated exercise in higher education. The SLC is located on the first floor of the D. R. Glass Library. SEXUAL HARASSMENT POLICY

Texas College prohibits sexual harassment in any form by any member of the faculty, staff, or student body. The College is committed to creating and maintaining an environment for all College personnel and students that is free of harassment, forced sexual activity, or any other sexual communication or conduct that interferes with performance in the classroom or the workplace. Persons found in violation of this policy will be subject to disciplinary action which may include written warning, suspension, transfer, demotion, dismissal, and/or arrest by local authorities.

Examples of Sexual Harassment: Sexual harassment is a form of sex discrimination, which is prohibited. For the purpose of the policy, sexual harassment is defined as unwelcomed sexual advances, requests for sexual favors, verbal or physical conduct of a sexual nature, and any other offensive behavior based upon sex when:

- submission to such conduct is made either explicitly or implicitly a term or condition of employment;
- submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions; and
- submission to or rejection of such conduct interferes with an individual's academic or work performance or creates an intimidating, hostile, or offensive academic or working environment.

Specific examples of behaviors that are encompassed in this definition and are considered forms of sexual harassment include but are not limited to the following:

- gender harassment, including sexist statement and behavior that convey insulting, degrading, or sexist attitudes;
- sexual bribery or coercion involving solicitation of sexual activity or other sex-linked behavior by promise of reward or threat of punishment, such as threats or insinuations that a person's employment, wages, academic grade, promotional opportunities, classroom or work assignments, letters of recommendation or other conditions of employment or academic life may be affected adversely by not submitting to sexual advances or that submission to sexual advances may favorably affect the same;
- unwelcomed sexual propositions, invitations, solicitations, and flirtations;

- unwelcomed verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities or remarks about previous sexual experiences, the unwelcomed use of sexually degrading language, jokes or innuendoes, unwelcomed suggestive or insulting sounds or whistles; obscene phone calls;
- sexually suggestive objects, pictures, videotapes, audio recordings or literature, places in the work or study area that may embarrass or offend individuals (Such material if used in an educational setting should be related to educational purposes);
- consensual sexual relationships where such relationships lead to favoritism toward a student or subordinate employee with whom the teacher or superior is sexually involved and where such favoritism adversely affects other students and /or employees.
- direct propositions of a sexual nature;
- subtle pressure for sexual activity, one element of which may be conduct such as repeated and unwanted staring;
- a pattern of conduct (not legitimately related to the subject matter of the course, if a course is involved or to employment, if employment is involved) that tends to bring discomfort and/or humiliation, which may include comments of a sexual nature, or sexually explicit jokes, statements, questions, or anecdotes; and
- a pattern of conduct that would tend to bring discomfort and/or humiliation to a reasonable person at whom the conduct was directed, which may include unnecessary touching, patting, hugging, or brushing against a person's body.

Responsibility: All members of the College community, including independent contractors, vendors, and others conducting business with the College or on College premises, are responsible for ensuring that their conduct does not constitute sexual harassment of another member of the College community. Individuals who are aware of or have experienced an incident of sexual harassment should report the matter promptly to one of the officials designated to receive informal or formal complaints such as a supervisor, the Director of Human Resources or the appropriate vice president.

College administrators and supervisors have the further responsibility of preventing and eliminating sexual harassment within the areas they oversee. If these individuals have knowledge that sexual harassment is occurring, receive a complaint of sexual harassment, or obtain other information indicating possible sexual harassment, they must take immediate steps to ensure that the matter is addressed, even if the alleged problem is not within their specific area of responsibility. Faculty members, likewise, must inform the appropriate administrator, program director, division chair, or vice president who has supervisory authority over the individual whose conduct may be problematic.

No Retaliation: Retaliation against a person who complains of sexual harassment is prohibited and constitutes a violation of institutional policy and federal law. Therefore, faculty, administrators, staff, applicants for employment, students, etc. may not be subjected to restraint, interference, coercion or reprisal for action taken in a sexual harassment matter; this includes filing a sexual harassment complaint, or serving as a witness, committee member, or investigator in a sexual harassment complaint.

False Accusation: An employee of the College who makes a false and malicious complaint of sexual harassment will be subject to disciplinary action which may include verbal or written reprimand, demotion, transfer, suspension, or termination. Cases involving students who bring such false accusations will be remanded to the student judicial system for adjudication.

Student Disability: Texas College defines student disability as a handicapped person who has a physical or mental impairment that substantially limits one or more major life activities; has a record of such impairment; or is regarded as having such impairment.

Age Discrimination: Texas College defines age discrimination as denying or limiting individuals in their opportunity to participate in any program or activity because of their age. All members of the College community are responsible for ensuring that their conduct and actions do not cause discrimination against any other member of the College community because of race, color, national origin, disability, age, or sex. The same responsibility extends to employees of third parties doing business with the college or on college property and to campus visitors.

Supervisory personnel have the responsibility of preventing and eliminating discriminatory practices within the areas they oversee. If supervisors know discriminatory practices are occurring, receive a complaint, or obtain other information indicating possible discriminatory practices, they must take immediate steps to ensure the matter is addressed, even if the problem or alleged problem is not within their area of oversight.

Faculty members, likewise, must inform their Division Chair or an appropriate administrator or other college official with supervisory responsibility, if they have reason to believe that discrimination because of race, color, national origin, disability, sex or age is occurring.

The Vice President for Academic Affairs (Compliance Officer) has the responsibility for handling matters of student discrimination. Complaints concerning discrimination based on sex, disability and age will be handled in accordance with the college's grievance procedures.

Sexual Harassment Grievance Procedures: Any student who believes that he/she has been subjected to discrimination because of sex, race, national origin, religion, sexual orientation, disability or age should use the procedures outlined.

To the extent possible, the student should file a written complaint within one week of the alleged incident. The written complaint must point out when the alleged incident occurred, the name of the alleged discriminator, name(s) of witnesses to the alleged discriminatory practice, if any, and exactly what the alleged discriminator said or did. Forms for a

complaint can be obtained from the Vice President for Academic Affairs, Vice President for Student Affairs, or the Director of Human Resources. Note the following:

1. Students will make discrimination complaints to the Vice President for Academic Affairs (Compliance Officer), who will work with the appropriate college administration for resolve.
2. If a senior level administrator is the discriminator, the complaint will be made to the Human Resource Director who will work with the President.
3. Confidentiality will be maintained, but the accused has the right to face the accuser in a hearing.
4. If the student is still dissatisfied, he or she may appeal directly to the President in writing. The President will conduct an appropriate review and make a final determination.

Academic Affairs

Academic programs and graduation requirements are detailed in the Texas College Catalog. Students are encouraged to become familiar with all academic regulations contained in the Catalog. Careful reading and a thorough understanding of the information provided is essential for a successful academic experience.

Academic Programs: The academic programs of Texas College are a result of the program review process. The program review has established institutional outcomes for student learning that include:

1. Having students gain a command of the use of communicative skills; both written and verbal;
2. Teaching students to become critical thinkers in the use of content knowledge and beyond;
3. Having students involved in service projects and social responsibilities that assist in skill development; and
4. Providing students with the knowledge and experiential learning that will lead them in becoming productive citizens, i.e. individuals who can assist with the development of others where they live and work.

The educational programs at Texas College are arranged to provide students with a liberal arts foundation inclusive of general education core offerings, institutional requirements and content requirements based on the major area of interest. Upon completion of the baccalaureate offerings, it is expected that students will be prepared with knowledge related to delivering the institutional outcomes as well as a preparation that will provide entry into graduate/professional

schools or the workforce.

The information contained in this handbook is for your convenience only. It does not supersede or replace the information contained in the College Catalog.

- The right to dispute academic evaluation under the Grade Appeal Procedure if the student believes that the evaluation standards and grading criteria contained in the

course syllabus were not followed by the instructor or was imposed in an arbitrary or capricious manner.

Academic Advisement: Upon initial enrollment, every student is encouraged to declare a major at which time an academic advisor is assigned prior to the beginning of classes. The academic advisor provides the student with a degree plan and assists the student in course selections and degree audits. The academic advisor will guide students through their chosen degree plan to graduation.

Degree Plan: The Degree Plan is a set of courses, institutional requirements and major program requirements offered by Texas College. Each student is expected to work with an academic advisor in establishing the degree plan and/or classes that may be transferrable to it as well as classes that may be considered for substitution. It should be noted that any courses that are considered for transfer to the degree plan must: 1) be accepted by the college per the Office of the Registrar; and 2) have the approval of the Vice President for Academic Affairs and meet the standards of higher education for the degree offered by the college.

GRADING

Course Examinations: Regular examinations are generally held for all courses at mid-semester and at the close of each semester. Credit will be granted for a course only after the student has taken all regular examinations for that course.

Grade Reports: Students are notified by the Office of the Registrar of their mid-semester grade performance electronically through the JICS portal. Final semester grade reports are also electronically posted through the JICS portal at the end of each semester, including the summer term. Grade reports are made available to all students who are in good financial standing with the College. In keeping with FERPA, grades are not sent to parents unless there is written authorization from the student to do so.

Grading Policy: The final semester grades are determined by the instructor based on the grades earned by the student for all completed course work. Grades are reported officially by the instructors to the Office of the Registrar at mid-semester and at the end of the course according to the following grading system:

A - 90-100
B - 80-89
C-70-79
D-60-69
F-Below 60
I - Incomplete
NC - No Credit
W - Withdrawal
FX - Unofficial Withdrawal

A - represents outstanding performance combined with intellectual alertness and initiative;

B - represents above average work that is performed in a sustained and creative manner

according to all requirements of the course;

C - represents the minimum accepted performance for course work in the major or minor area;

D - represents work in the lowest passing quality through which a student can fulfill the minimum requirements of a course. It is considered to be borderline;

F - represents that the student has failed. If the course is required, the student must repeat the course for a passing grade. If a student earns an "F" in a course that extends over two semesters, he or she may not continue in the same or higher subject area until the first course is taken again and passed;

I - is assigned when circumstances beyond the control of the student make it impossible for the student to complete all work of the course. It is the student's responsibility to conference with the instructor to ensure that the grade of "I" is changed when the work is completed. The student has one (1) semester following the incomplete being issued to complete course work;;

NC - is assigned as the grade for the student who has not fulfilled requirements of a developmental education (or remedial) course which he/she has attended regularly

W - represents that the student has officially withdrawn from the course. If the course is required, the student must complete the course at a later date in order to receive credit. The "W" indication is administratively assigned by the Registrar.

FX - represents that a student has not officially withdrawn from the college, nor completed satisfactory coursework for a letter grade. The FX indication is administratively assigned by the Registrar.

Incomplete Grades: An Incomplete (I) grade is granted to students who are experiencing extenuating circumstances; however, the student must be passing the course. The student has one (1) semester following the Incomplete being issued to complete course work. Students who do not return the subsequent semester are obligated to complete the assignment(s) for the "Incomplete" by the deadline date. Students who do not complete course work within the statute of limitation will receive a grade of "F" for the course. Once the grade of "F" has been recorded, it cannot be changed; the grade appeal process is not applicable.

Grade Appeal: If a student wishes to appeal a grade after the initial grade has been reported, the following steps should be followed:

- (1) The initial appeal for posted grades begins with a discussion between the instructor and the student. If a grade change is granted, the instructor must complete a Change of Grade Form;
- (2) The completed form is submitted to the respective Division Chair for review and approval consideration. If approved, the division chairperson moves the form forward;

- (3) The form approved by the division chairperson is submitted to the Vice President of Academic Affairs for review and approval consideration. The Vice President will forward the approval to the Registrar for the grade change to take place. This is the final step in the appeals process.

The Change of Grade form will rest in the Office of the Registrar after all necessary approvals.

Statute of Limitation: Texas College has a statute of limitation that grants a student six (6) years to complete an academic degree plan. Students who fail to complete the statute of limitations per the criteria are obligated to the new program of study and policies in place at that time.

TRANSFER CREDITS

Admission may be granted to a student who took courses equivalent to those at Texas College while attending another college/university. The courses being transferred for credit toward a degree at Texas College must have been completed at an accredited college and/or university. The transfer student applicant also must complete the regular Application of Admission and meet the admission requirements at Texas College, except that the transfer student must only attest to having graduated from high school or completed the GED by indicating that on the application. An exception, however, is that a student transferring with less than 12 hours must submit evidence of the high school transcript or GED.

Courses pursued on the two-year college level may not be credited toward upper level (junior and senior) degree requirements. Academic work completed six or more years prior to enrollment may not be used to satisfy major and/or minor degree requirements. In order to complete a degree program at Texas College, a minimum of 25 percent of the semester credit hours required for degree completion must be earned through instruction at Texas College.

Transfer Credits. The transfer student will generally have credits earned that may be considered at the time of admission. Transfer credits may be accepted from regionally and nationally accredited colleges or universities. All official transcripts from previously attended colleges or universities must be received before an official evaluation is considered complete. Students who have completed post-secondary work outside the United States are required to provide a commercial evaluation of all course work completed. There is no assurance that any and all transfer credits are applicable or transferrable to the degree programs at Texas College.

WITHDRAWALS

Students may withdraw from a course or withdraw from the College. Following are criteria for each.

Withdrawal from a Course: Students who wish to withdraw from a course must obtain a *Course Withdrawal Form* from the Office of the Registrar. The student is responsible for circulating the form for appropriate signatures. Once the form is completed, the student must return the form to the Office of the Registrar, to complete the withdrawal process. A final grade of "W" is an indication that the student has officially withdrawn from the course. Please note that ceasing to

attend class does not constitute a withdrawal from the course. Students who do not complete the proper withdrawal procedures will receive a grade of "F" for the course.

Withdrawal from the College: Students who wish to withdraw from the College, must obtain the *Withdrawal from College* form from the Office of the Registrar. The student is responsible for circulating the form for appropriate signatures and returning the form to the Office of the Registrar. Properly following this procedure will result in a grade of "W" for each class. Students failing to withdraw from the College will receive the grade earned for the course(s). Note that there is no opportunity to appeal the grade of "W."

Administrative Withdrawal from the College: The College reserves the right to administratively withdraw students who are in violation of the College's policy or are affected by extenuating circumstances. Administratively withdrawn students will receive grades of "W" for all enrolled classes.

Unofficial Withdrawal Policy: An unofficial withdrawal takes place when a student has discontinued attendance for unknown reasons and failed to inform the College. When this occurs, the College makes a determination of the student's last date of enrollment by consulting with the student's faculty of his/her last date of class attendance. If the last date of attendance cannot be determined, the College will use the 60 percent point of the semester as a determination of the last date of attendance. The grade of *FX* is then assigned for all classes for the semester.

Academic Honesty: Texas College believes that strength of character is as important as academic achievement; therefore, the College expects everyone in the academic community to maintain personal integrity in academic matters and not contribute or condone the dishonesty of others. Scholastic dishonesty-which includes any form of plagiarism, cheating, falsification of records, and collusion with others to defraud-is improper and will not be tolerated. Texas College reserves the right to apply disciplinary actions including loss of credit, suspension, and dismissal to a student who has been judged guilty of scholastic dishonesty.

Academic Honors: Academic Honors is the acknowledgements of students who perform at the criteria established for Presidential Scholars; Dean's List; Honor Roll Scholars; and Freshman Honors Program Scholars. The computation of grade point averages in assessing student eligibility for academic honors is based upon regular collegiate courses only; no developmental courses will be computed in the GPA.

Presidential Scholars: Full-time students who maintain a grade point average of 3.80 - 4.00 for two (2) consecutive semesters with no grades less than a "C" while enrolled in at least 12 semester hours of regular course work.

Dean's List: Full-time students who maintain high scholastic averages with a grade point average of 3.50 to 3.79 in regular course work for two (2) consecutive semesters with no grades less than a "C."

Honor Roll: Full-time students enrolled in at least 12 semester hours of regular course work,

who have achieved a semester grade point average of 3.00 or greater.

Freshman Honors Program: Full-time students who obtain a 3.00 GPA after the first semester of their freshman year.

College Assembly/Lyceum Attendance: All students are required to attend all College Assembly/Lyceum programs. Failure to show diligence in meeting the assembly/lyceum attendance requirement may become grounds for disciplinary action prior to graduation and could result in denial of approval for graduation at the commencement time requested. Students who attend the minimum required hours for assembly/lyceum will receive one-half (.5) credit per semester recorded as a graded course.

Class Attendance: The student is responsible for attending all lectures, seminars, laboratories, and field work for each registered class (beginning with the first day of class scheduled) in order to verify registration with instructors, and to complete all work assigned for the course. If a student does not attend class during the first week (first five instructional days) of the semester, or does not attend five consecutive class sessions and does not give prior notification to the instructor of reasons for absence and intent to attend the class, the student may be recommended to the Vice President of Academic Affairs to be administratively withdrawn from the course.

The student is held accountable for adhering to the College Attendance Policy and are expected to attend class as scheduled. Instructors are not obligated to allow students to submit late assignments because of their absence unless the absence(s) have been officially excused. An officially excused absence, however, gives the individual who missed the class an opportunity to do the work assignment late but in no way excuses him/her from the work required. Official excuses are granted by the Vice President for Academic Affairs for authorized College activities, verified personal illness, or illness or death in the student's immediate family. Students should understand that absences may jeopardize their grades. **A student will be permitted one unexcused absence per credit hour of the course in which he/she is enrolled. Any student whose unexcused absences exceed the number permitted may, at the discretion of the instructor, be assigned a grade of "F" or be dismissed from the class.**

Absences may count from the first official date of classes and not from the first day the student attends. It is the responsibility of the instructor to keep an accurate attendance record of all students enrolled. Students receiving veterans' benefits are required to attend classes according to the regulations of the Veterans Administration in addition to those regulations set by the College for all students.

Students absent from class for any of the reasons listed below may, at the discretion of the instructor, receive an **excused absence** by presenting the proper documentation as indicated below:

Excused Absences and Acceptable Documentation

| Reason | Documentation |
|---------------|----------------------|
|---------------|----------------------|

Excused Absences and Acceptable Documentation

| Reason | Documentation |
|---|--|
| Personal illness or illness of immediate family member | Physician's statement |
| Death in immediate family | Funeral program |
| Patriotic duty (military or jury duty; court appearance, etc.) | Copy of notice or summons |
| Performance of co- or extra-curricular obligations to the College (travel with athletic teams, class field trips, conferences, seminars, fine arts performance, etc.) | Written statement from sponsor or notice from either the Office of Academic Affairs or Student Affairs |

Students are expected to be punctual for classes. A tardy is defined as arriving in the classroom after the designated time of the beginning of the class according to the official schedule of classes. Punctual and regular attendance is required for chapel/lyceum programs, concerts, recitals, and other activities deemed relevant to the educational experience. Two tardies to class may be counted as one absence. The effect of such absences upon student grades may be consistent with the College policy on unexcused absences from class.

Scholastic Dishonesty: Any student who commits an act of scholastic dishonesty is subject to disciplinary action. Scholastic dishonesty includes, but is not limited to: cheating, plagiarism, collusion, the submission for credit of work or materials that are attributable in whole or in part to another person, taking an examination for another person, any act designed to give unfair advantage to a student or the attempt to commit such acts.

Speech and Assembly: The freedom of speech and assembly are basic and essential to intellectual development. However, these activities are subject to the well-established right of colleges and universities to regulate time, place, and manner so that the activities do not intrude upon or interfere with the academic programs and administrative processes of the college. The college must approve and designate where students may assemble. All speech and assembly activities must be conducted in accordance with College approval and guidance. Review and approvals are initially submitted to the Office of Student Affairs and may include administrative cabinet review and input.

Student Accounts: Students should strive to keep the accounts with the Office of Business Affairs current. For those who have accounts which are not current with the Business Office; or those whose financial aid forms were incomplete, incorrect, or late, could possibly be denied any Texas College services. A student may not be permitted to register, attend classes, use the College's facilities, take final exams, nor receive transcripts, grade reports, or other educational records unless all accounts with the College are satisfied.

Statute of Limitations: Texas College has a statute of limitation policy that grants a student **six (6) years** to complete an academic degree plan. The College reserves the right to have individuals to continue under the course study program as published in the current College Catalog.

Satisfactory Academic Progress: Review of academic progress is conducted by the Office of Academic Affairs at the end of each semester. Students in academic jeopardy receive notice of their standing, if they are not progressing academically. To maintain Satisfactory Academic Progress (SAP), students must comply with the hours earned and cumulative grade point average in keeping with the SAP scale that follows.

SAP Scale

| Hours Earned | COPA |
|--------------|------|
| 1-15 | 1.5 |
| 16 -30 | 1.7 |
| 31-45 | 1.9 |
| 46 and above | 2.0 |

Academic Probation: A student whose cumulative grade point average falls below the standard (as established by the SAP Scale above) will be placed on academic probation during the next semester the student is enrolled. The probation status must be removed within two semesters. During the probationary period, students are expected to earn a cumulative minimum grade point average of 2.00 (C) or better. Students on academic probation are required to register with the Student Learning Center for tutoring and reinforcement of study skills. A student who leaves the College on academic probation will be re-admitted on academic probation; even if the student has attended another institution between leaving and re-entering Texas College. Probation status will be removed when the student has achieved the required cumulative grade point average of 2.00 or better, following one semester of probation.

Academic Suspension and Dismissal: A student on academic probation after two consecutive semesters will be placed on academic suspension for one semester. When placed on academic suspension a student must reapply; readmission is not automatic. Once readmitted to the College, the student will have two semesters to bring the cumulative grade point average up to the standard (as established by the SAP Scale).

A student may appeal academic suspension and dismissal by writing to the Vice President of Academic Affairs and documenting circumstances for failure to meet satisfactory academic progress requirements. The Vice President of Academic Affairs may present the student's case to the Academic Affairs Appeals Committee which will forward a recommendation to the Vice President of Academic Affairs. The Vice President of Academic Affairs will in turn inform the student of the final decision.

Academic Integrity: Texas College believes that strength of character is as important as academic achievement; therefore, the College expects everyone in the academic community to

maintain personal integrity in academic matters and not to contribute or condone the dishonesty of others. Scholastic dishonesty (which includes any form of plagiarism, cheating, falsification of records, and collusion with others to defraud) is improper and will not be tolerated. Texas College reserves the right to apply disciplinary actions to a student who has committed scholastic dishonesty.

Honors' Organizations: Student scholars who meet standards of academic excellence and distinction can be inducted into the following national honor societies and/or organizations:

- *Alpha Kappa Mu* recognizes scholars who are juniors and seniors in all academic majors. A minimum 3.30 GPA is required.
- *Beta Kappa Chi* recognizes scholars in all majors with a minimum GPA of 3.0 and 3.5 in the major program. Students must have completed at least 64 semester hours of coursework.
- *Pi Lambda Theta* is an international honor society for education majors who aspire to become effective teachers and educational leaders. Candidates must have a 3.50 minimum GPA.
- *Who's Who Among Students in American Colleges and Universities* is a national organization that honors student scholars who exhibit campus leadership, community service, and exemplary citizenship. Candidates must have at least a 3.30 grade point average (GPA) and are nominated by the College Scholarship Committee.

Transcripts: Academic transcripts are issued by the Office of the Registrar, located in the Enrollment Center, which is the college-designated office for maintaining official academic records of all students currently or previously enrolled. Requests for transcripts will be honored only if they 1) are in writing, 2) contain the signature of the student or former student whose record is requested, and 3) are cleared financially by the Business Office, including the Office of Financial Aid. One official transcript is given to graduates without charge; additional transcripts are \$12.00 per copy. All transcript requests will be honored as expeditiously as possible, but during such periods as examinations, grade reporting, and registration, there may be some delay.

Intellectual Property Policy: The objective of this policy is to encourage the production of copyrightable materials ("Works") that advance Texas College's academic, scholarly, and service-oriented mission and that contribute to the professional stature of those involved in the creation of the Works.

The policy governs the respective ownership rights of the College and all of its employees, both academic and non-academic in copyrightable material produced within the scope of employment or otherwise arising out of the participation of individuals, including students, in the activities of the College. While the College will not assert its ownership interest in scholarly and academic Works created by members of the faculty/staff who use generally available College resources, the College does assert ownership of copyrightable Work where significant College resources are utilized in the creation of the Work or in other circumstances as required pursuant to an

agreement with a third party or where the Work is a work made for hire. (Generally available resources include one's office, office computer, telephone (excluding long-distance charges), and library resources.

As a general rule, the author of a Work is the owner of the copyright. It is the general policy of the College that Works that are created on an individual's own independent initiative outside the time, place, and scope of employment or activity within the College are owned by the author.

Conversely, under the work made for hire doctrine of the Copyright Act, the author, and therefore the owner, of the copyright in Works created by persons within the scope of their employment is the employer rather than the individual creator. Therefore, unless modified by this Policy or by the specific terms of a written agreement signed by the faculty member or other employee or covered individual and the President (or his or her designee), as a matter of law, Works created by College faculty members in the course of their teaching and research and by other personnel in the course of their employment (including students working in conjunction with faculty), are the property of the College.

However, since a fundamental principle of the College as organization of higher education is to encourage the development and widest possible dissemination of scholarly Work produced by members of the College Community, and consistent with longstanding academic tradition, except as described below, the College cedes copyright ownership to the faculty member who writes or develops a scholarly or academic tangible or virtual Work (including books, papers, lecture notes, articles, and similar materials) where such Work is created by a faculty member either using his or her own resources or using College resources that are generally available to the College faculty.

Texas College does not cede ownership in the following situation:

- (1) The College retains ownership of the copyright to works created (a) by faculty members as part of an assigned project or task, where the assignment explicitly states that the work will be owned by the College; (b) by staff members in any work they perform for the College; and (c) by student employees in the course of any assigned duties other than research tasks performed in support of a project directed by a faculty member that does not fall within any other exception.
- (2) Ownership of the copyright to works commissioned or developed by a faculty member or other employee pursuant to an agreement that the College has with an entity outside of the College will be governed by the terms of such agreement. If the agreement does not specify ownership by the outside entity, ownership shall vest in the College. All such agreements must be approved in writing by the President (or his or her designee).
- (3) Unless the parties agree in writing to the contrary, the College shall own the copyright in a work of the College: (a) will make or has made a significant investment in the development of the work through the provision of substantiate' financial, personnel, technology, facilities, or other resources beyond that which is generally provided faculty in the ordinary course of instruction and research; or (b) enters into a written agreement with the developer(s) that makes provision for copyright ownership.

Student Affairs Information and Policies

Student Affairs is a viable component of student life with the success of every Texas College student being the first priority of the Office of Student Affairs. Inherent in this belief is the commitment to treat all students with dignity and respect. In addition, services, programs, and activities will be delivered in a climate where everyone is treated in a courteous, professional manner. It is the responsibility of Student Affairs and all offices to cultivate in Texas College students an understanding of community which impacts all through a strong sense of civic responsibilities.

The following areas come under the auspices of the Office of Student Affairs: Student Health Services, Residence Life and Housing, Student Activities, Band, Campus Ministry, Choir, Alumni Affairs, Campus Security. Student Affairs also gives oversight to the Student Government Association (SGA), Miss Texas College and a host of student organizations.

Programs and services are designed to create a supportive environment that enhances the personal development and learning of all students. The Office of Student Activities makes it easy for students to use and develop their talents through student activities. Getting involved on campus helps students build career and personal skills that will assist them long after they leave college. Learning takes place not only inside the classroom, but outside.

One important opportunity for students is the opportunity to join and be active in a student organization. There are over thirty (30) registered student organizations, ranging from student government to cultural and ethnic organizations to academic to club sports. There is something for everyone!

College-sanctioned activities must be scheduled through the Office of Student Affairs. Meetings and every scheduled event held by a student organization must be approved at least three weeks in advance and recorded on the Calendar of Events.

The Office of Student Activities also serves as a resource for officers, sponsors, and members in planning, scheduling and promoting events. In addition to maintaining a directory of all recognized student organizations, the office of Student Activities is also responsible for publishing items of particular interest to students and student organizations.

Intramural Sports: Intramural Sports offers you the opportunity to participate in your favorite sport on a competitive or recreational level. Leagues are available in a variety of

indoor and outdoor sports year-round, including basketball, soccer, table tennis, pool, softball, and volleyball. Students make friends, have fun, and get a great workout. The leagues are female, male, and co-ed for all skill levels. The intent of Intramurals is to increase active student participation while improving fitness and social networking.

Extra-Curricular Activities: The College offers a variety of educational experiences through which students can interact by participating in various academic, social, and National Greek lettered organizations. To ensure continued professionalism and efficient handling of the numerous responsibilities of this body, faculty advisors guide the leaders. The Student Government Association continues to provide an excellent example of student leadership.

The Student Government is the vehicle through which students actively participate in college decision-making. Student Government recommends students to serve on the various committees of the College and represent the student body.

The SGA meets with the Vice President for Student Affairs. The Executive Cabinet of the SGA meets monthly with the President of the College and his Executive Cabinet over lunch to discuss concerns, projects and ways to enhance the College environment for the students.

Campus-Based Organizations: Texas College has encouraged the development of student organizations on campus. Student organizations are considered an integral part of the social, residential and educational program for the College and their activities are well coordinated with the total life of the campus. Again, only Registered Student Organizations (RSOs) which have been approved by the Office of Student Affairs may host and schedule events on the Texas College campus. In order for an organization to be recognized by the Office of Student Affairs, the organization must complete a Registered Student Organization packet each Fall semester for the academic year. Student organizations serve a vital role in helping students become productive citizens in a democratic society by providing experience in decision-making and problem solving.

Approved student organizations are an important component of the College; providing an opportunity for students to develop leadership skills, and maintain a sense of care and concern within the community. All student organizations and activities are expected to have educational values complementary to those derived from the pursuit of formal credit courses. A college education aims to provide the opportunity to build a foundation on which to construct a full life.

Registration of Student Organizations: A person is guilty of violating college policies when she/he violates college policies or regulations concerning the registration of said student organizations or creating new organizations without approval from the Office of Student Affairs.

Organization Recognition: The recognition of a student organization is a privilege, not a right. Recognition is the endorsement and approval by the College of the goals and purposes of the organization as being consistent with and supportive of the goals and purposes of Texas College. The steps to recognition are available from the office of Student Affairs.

Once recognized, the organization carries the name of Texas College and represents its student body. This relationship should be considered when programs and activities are planned and presented.

The College may accept organizations in the following categories:

Student Organization - Advisor Responsibilities: Registered student organizations may be required to have both on and off campus advisors. The on campus advisor (should be an official Texas College employee) shall serve as the immediate point of contact and primary chaperone. In select instance, the off campus advisor may serve as a liaison between the campus and a national organization. Both advisors must be approved by the college administration and must agree to be in attendance at all organization related activities. Hall Security: Everyone shares a responsibility for the security of the residence hall. Outside doors are locked for the safety of the residents. Propping outside doors open is prohibited, and fines and/or disciplinary action will be assessed to any persons found guilty of violating this policy. Entering or exiting through windows is not permitted and may result in appropriate disciplinary action.

Immoral Sexual Behavior: The College takes the position that premarital sex and other

inappropriate sexual behavior or relations are not acceptable behavior and will be sanctioned accordingly.

Keys: Room Keys: Lost room keys and lock changes in the residence halls may be completed for a fee of \$25.00. Locks in all residence halls will be re-keyed whenever a key is lost. As a result, of this charge and work order, refunds are not available. All keys are considered Texas College property and must always be returned to the Department of Residence Life. Under no circumstances should a resident loan his/her key(s).

Students will be charged \$5.00 each time they require entrance to their rooms, including use of a loaner key. Loaner keys are intended for temporary use and must be promptly returned; failure to do so will result in a \$25.00 charge for a re-keying of the door. Lost keys must be reported to the hall staff as they may compromise security to the building and other residents. Broken keys, due to negligence of the student, will be charged \$25.00 for replacement.

Laundry Facilities: Laundering facilities are available for the convenience of students. However, rooms should be kept free of damp clothes unless suitable drying racks are provided by students. Coin- operated washers and dryers are located on the bottom floor of the Residence Hall. The College assumes no liability for lost, stolen, or damaged items. Repair requests should be directed to the Residence Hall staff. Tampering with machines will lead to disciplinary action.

Fines: All fines must be paid in 20 working days in the Business Office. Cash, debit, credit card or money order payments will be received. No personal checks will be accepted as payments for fines. A receipt will be given upon receipt of funds. All fines must be paid prior to moving into the Residence Hall.

CODE OF CONDUCT AND DISCIPLINARY PROCEDURES

Student's Code, Rights, Responsibilities and Conduct: The Standards of Conduct exist to protect the persons who make up the College community, as well as the rights and property of the College. These standards also foster and enhance the academic mission of the institution. While the Standards of Conduct do not include all of the activities that may adversely affect the College community, they do apply to the conduct of all students and student organizations while on the premises of the College and off the campus as long as the student or groups maintain a student relationship with the College. College premises include all lands, buildings, and facilities owned, leased, or operated by the College. The College reserves the right to sanction currently enrolled students for violating the Standards of Conduct, even if said violations occur off campus.

Students enrolled in Texas College are expected to conform to regulations, federal and state laws, and city ordinances. Enrollment as a student in no way exempts any person from penalty in case of violation of local, state, or federal laws. Students who are penalized for violation of public laws are not exempted from penalty by college authorities if violation of that law is a violation of student's Standard of Conduct. The College's decision in disciplinary matters is independent of off-campus legal action, except that any student convicted of criminal misconduct, whether occurring on campus or not, will be suspended from the College.

Students who violate any Texas College policy will be subject to disciplinary action, which may include sanctions set forth in this Handbook. Situations may arise not specifically covered by college regulations, but which adversely affect the welfare of the College Community. In these instances, Vice President of Student Affairs and President of the College will evaluate the situation and take the appropriate action under the guidelines of this Handbook. Students will be afforded the review and appeal processes provided by this Handbook for any disciplinary action.

Rules and Regulations: All rules of Texas College shall apply on campus as well as off campus and for any student currently enrolled at Texas College in the vicinity of the campus and/or representing the College in *any* capacity. Campus Security Officers, as well as any official of the College, are hired and are empowered to enforce these regulations and all applicable laws on campus and properties owned, rented, or leased by the College. The Security Officers have the added power to stop, identify and question individuals, and issue parking tickets. Students are encouraged to obtain and familiarize themselves with College Regulations.

Policy Statement: The policy of the College is to assure the speedy and fair resolution of all conflicts, to provide for review processes to guarantee the fair and reasonable application of College policies to all students, and to encourage mediation of potential conflicts at the earliest possible moment. Students are expected to exhaust all internal administrative remedies before pursuing any action with external agencies. It shall be the responsibility of the College, through the Office of the Vice President for Student Affairs, to ensure that the rights of all students are appropriately supported and respected.

Student Code of Conduct: The College has a definite and binding responsibility to promote appropriate student conduct on the campus. This responsibility must be shared by all members of the College community. The policies governing standards for student behavior, referred to herein as the code of Student Conduct, reinforce the College's right and duty to promulgate regulations for the safety and welfare of the College community. The policies provided herein are designed to provide a swift remedy, by means of exclusion from the campus or College premises, of those students who commit overt acts of violence, or otherwise engage in illegal or unapproved conduct, which disrupts the orderly operation of the College.

All students have the right to assume that they will not be deprived of life, liberty, or property without due process. They have the right to freedom of speech, right to assemble (with appropriate approvals), and a right to petition for redress of grievance, in a peaceful and orderly fashion. Freedom cannot, however, be protected or exercised in a community, which lacks order and stability. It is, therefore, the students' responsibility to adhere to the conduct and standards prescribed by the College, the Board of Trustees for Texas College, as well as, those established by local, state, and federal laws.

The Texas Legislature has enacted a law prohibiting hazing by person(s) against a student(s) at an educational institution. The law also prohibits the knowing, intentional, reckless failure to report hazing to school authorities. Failure to comply with the specific provisions of the law will result in criminal penalties and fines. The following is a brief summary of the hazing law.

A person commits an offense under the hazing law if that person:

- Engages in hazing;
- Solicits, encourages, directs, aids, or attempts to aid another engaging in hazing;
- Has firsthand knowledge of the planning of a specific hazing incident involving a student in educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report said knowledge in writing to the Office of Student Affairs.

The Texas Education Code defines hazing as:

- Any knowledge of or participation in physical brutality such as whipping, beating, striking, branding, electronic shock, placing of a harmful substance on the body or similar activity;
- Any knowledge of or participation in physical activity such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics or other activity, that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health and safety of the student;
- Any knowledge of or participation in the consumption of food, liquid, alcoholic beverage, liquor, drugs, or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
- Any knowledge of or participation in activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization and the institution rather than submit to acts described above.

- Any type of activity which falls within the general definition of hazing for the purpose of pledging, being initiated into, affiliating, holding office in, or maintaining membership in any organization whose members are or included students at an educational institution is prohibited under the hazing law. Consent of the individual(s) subject to the hazing is not a defense to prosecution of an offense under the hazing law. Organizations that are subjected to this law includes fraternities, sororities, societies, associations, corporations, orders, choruses, cooperates, service and social clubs or any similar group whose members are primarily students at an educational institution. A "student" is defined as an individual registered or in attendance at an educational institution, an individual accepted for admission at an educational institution, or an individual who is on vacation from an educational institution and intends to attend that institution during any of its regular sessions after that period of vacation.

Specific state penalties that may be imposed against an individual or an organization found guilty of an offense under the hazing law include the imposition of fines ranging from \$5,000 to \$10,000 and/or imprisonment of 90 days to two years. The specific penalty imposed for a hazing offense depends on the seriousness of the offense and whether or not bodily injury to an individual or death results from the hazing incident.

The institution also has the authority to impose penalties as hazing is a violation of the Code of Conduct. If hazing occurs within a fraternity or sorority, the national office will also impose penalties, which likely will consist of fines and suspension or expulsion from the organization.

Organization and Authority of Judiciary Bodies and Functionaries: The College has established a system of judiciaries and Code of Student Conduct that every student must submit to upon registration. The execution of the judiciary process is a part of the educational environment. The College judiciary process is not equivalent to the criminal law processes of state and federal courts. The imposition of such rigid standards and time-consuming processes would interfere with the administration of the judicial process and render the College's control impotent. Although the College's judicial processes are not analogues to the state and federal processes, the College affords students their basic rights to due process. The judiciary bodies and functionaries are defined below:

Vice President for Student Affairs: The Vice President for Student Affairs assumes overall responsibility for student discipline. Grievance Procedures: Texas College recognizes the student's right as an adult member of society and as a citizen of the United States of America or other countries. The college further recognizes the student's right within the institution to freedom of inquiry and to the reasonable use of services and facilities of the college which are intended for his/her education.

In the interest of maintaining order on the campus and guaranteeing the broadest range of freedom to each member of the community, the students and other members of the college community acting in concert have laid down some rules. These rules reasonably limit some activities and prescribe certain behavior, which is harmful to the orderly operation of the institution and the pursuit of its legitimate goals. All enrolled students are held accountable to these rules, which are printed in this Student Handbook.

Definition of Student Grievance: A student grievance is any complaint made in writing by a student to an appropriate administrative officer of the College alleging unfair, unreasonable, arbitrary, capricious, and/or discriminatory applications of College policies. A grievance may result from academic experiences, non-academic matters involving administrators, staff, or student organizations or matters related to alleged discrimination on the basis of race, color, national origin, age, gender, disability, creed, or marital status. The grievant is encouraged to resolve problems where they arise and with the parties involved. Grievances may result also from alleged acts of sexual harassment.

Filing a Grievance: Students may file a grievance or register a formal complaint by presenting the complaint in writing to the appropriate administrative officer of the College. The appropriate officers to contact for various types of grievances are listed below.

- | | |

Charges: Any member of the college community may file charges with the Vice-President of Student Affairs against a student or registered student organization for conduct or activities in violation of this code. All charges must be written and cite:

- Name of person making the charge, the student or approved student organization accused and witnesses, if any;
- Nature of charge and conduct in violation of this code; and
- All other relevant information pertaining to the charge.

If any student is accused of a violation of any of these rules or is subject to a written charge, he

or she is guaranteed a speedy and fair hearing.

When a student is accused of violating a section of the Student Code of Conduct, a complaint is issued against the student through the Vice-President of Student Affairs. The Vice-President will determine if the complaint(s) has merit and conduct any necessary preliminary investigation. The Vice-President may choose to adjudicate the case, or refer it directly to the Disciplinary Committee. When the preliminary investigation is not conclusive, the Vice-President will dismiss the case or schedule the adjudication. The vice-president must approve students. All committee persons must note that all information shared is confidential. - No record of disciplinary action;
- At least a 2.50 cumulative grade point average; and
- Be a full time currently enrolled student.

Collegiate disciplinary proceedings must insure fairness, justice, truth and due process as defined for educational institutions. The courts have allowed great flexibility in student discipline hearings so long as the student is given notice and a fair and impartial hearing. Guidelines are:

- Disciplinary procedures are private, confidential and involve only the student and the

appropriate committee; therefore, they are closed to the public (No attorneys allowed)

- Hearings are presided over by the Chairperson of the Disciplinary Committee or his/her designee. Only pertinent information is allowed at the hearing. The Chairperson should not allow any extraneous material to be presented
- The accused is informed in writing of the decision or sanction and the student's right to appeal
- All institutional personnel who should know the outcome of the hearing will be notified. Copies of all letters pertaining to the hearing are filed in the Vice-President of Student Affairs Office
- An accused shall be entitled to be accompanied by one representative of the student's choice (upon request). That representative must be a member of the Texas College student body, faculty or staff
- In proceedings involving more than one accused student, a separate hearing, if requested, shall be granted
- After all evidence has been presented, the committee shall then weigh and discuss the evidence and determine if the accused is innocent or guilty of the charge/violation
- After the committee reaches a decision, the chairperson notifies the Vice-President of Student Affairs, who notifies the student with a written notice of the decision, which includes a citation of appeal procedures. All appeals must be made within forty- eight (48) hours from the date of the decision
- The sanction imposed by the Disciplinary Committee or Vice-President of Student Affairs shall become effective upon receipt of the sanction, unless the student notifies the Vice-President of Student Affairs that he/she plans to appeal;
- If the accused fails to appear for the hearing without notifying the Vice-President of Student Affairs, the evidence in support of the charges may be presented and considered. The hearing may be postponed for a period of time twenty-four (24) hours if requested by the accused for a good and valid reason.

There are several offenses which carry sanctions not less than suspension. These are stealing, alcohol, intentional physical injury to a student or employee of the College, vandalism, and the destruction of College property.

Appeals: When a student is dissatisfied with a Decision of the disciplinary Committee, a request for an appeal should be made in writing to the Vice-President of Student Affairs within forty- eight (48) hours (or longer if there are reasonable grounds for the delay) after the date of notification of the penalty resulting from the action of the College Disciplinary Committee.

The Vice-President of Student Affairs may grant the appeal if one or more of the following

reasons are justified in the written request:
